## From "Our Piece of Heaven":

We took over the campground in January. It was in total disrepair. We have rebuilt all the facilities and redone all the full hook-up sites.

We continue to improve the facilities, along with striving to develop a family-oriented campground. The heartbeat of our campground is our seasonal guests, who have become our extended family. We are blessed to have such wonderful people surrounding us. In addition, we have a core of returning guests that always bring a smile to our faces and have a special place in our hearts.
